
CERTIFICATION

ELPROMA, one of *our*, One Commerce (Int'l.) Corporation, solution provider vendors, went through and successfully passed series of rigid pre-selection process conducted by the National Grid Corporation of the Philippines (NGCP), the largest power grid operator in the Philippines, for the latter's *Supply of 300 units of NTS-5000 class time servers with high accuracy synchronization for a nationwide smart-grids deployment (Project)*. The *Project*, which was awarded through *us*, a local systems integrator, covers 120 sites all over the Philippines.

The *Project* involves a *state-of-the-art* satellite technologies bolstered with GNSS and Rubidium class oscillators with a total contract value of seven (7) US Dollar digits.

The *Project* solutions was ably supported by Mr. Tomasz Widomski and Krzysztof Borgulski from ELPROMA and both did exemplary performance, taking into account the highest standard of the technological requirements without delays. ELPROMA demonstrated its capabilities and established its capacity to operate its solutions even in critical power distribution infrastructures with over 100 million population.

The above declaration of excellence is hereby deposed as a matter of opinion, based solely in *our* knowledge and experience when ELPROMA performed and conducted the *Project*. Nothing in the above declaration, shall be construed as a representation, warranty or covenant, express or implied, against us.

This certification is being issued for whatever legal purpose it may serve.
